Highest of all in Leavening Power.—Latest U. S. Gov't Report

Royal Baking Powder

ABSOLUTELY PURE

State Items.

The Maysville Fair closed Saturday with seven thousand people on the grounds.

Blind Dave, the fiddler, who was reported dead last year, is still fiddling for court day crowds in the central part of the State.

A monster barbecue, in the interest of Hon. W. C. Owens' candidacy for Congress, will be held at the Chautauqua grounds in Lexington on the 22d inst.

Sunday George Kennedy and Ab Boswell, two ebony-hued twirlers of the ivory cubes, got into an altercation at Midway, during which Boswell was disem-boweled. Kennedy escaped.

Workmen engaged in building the dam for the new water works at Shelbyville Monday afternoon unearthed and killed a rattle-snake six feet long. It had fifteen rattles and a button and was full of eggs.

William Upton was shot and instantly killed in Lewis county Tuesday by his cousin Edward Upton. William, who was a married man, had left his family and eloped with a sister of Edward.

Fleming county physicians are puzzled over the case of Miss Mary Hull, who died last week near Sanford. She was taken with a severe pain in her big toe. The pain ran up to her head and caused death within six hours.

The Rev. W. J. Doran and a number of other prominent Methodists have purchased forty acres of woodland at Boone's Gap, near Berea, Madison county, which they propose to convert into a mammoth camp-meeting ground.

The Lexington Canning Company has already put up 15,000 cans of blackberries and 12,000 cans of peas. It is now canning a few tomatoes, but will this week have a big supply of them and will also commence putting up corn.

At Vanceburg Marion Stamper, a leading citizen, sued Samuel Alden, a merchant of that place, for 75 cents. Prominent attorneys were retained, Judge Pugh, candidate for Congress, defended Alden. Stamper got judgment for 35 cents.

John Vance, a Fayette county farmer, went to sleep on a fence while overseeing his men, hurting himself badly. He was unable to attract attention, and was on the ground several hours before he was discovered and taken to his house.

D. S. Cooley, a brakeman on the Maysville branch of the Kentucky Central Railroad, was knocked from the top of a car by the bridge over the track at Walsh's Distillery at Paris Monday night and was instantly killed—his neck being broken.

Judge Jas. R. Jewell, of Lexington, who invented the saying "politics is hell," is just now thinking that there is a good deal of hell in other things also, as a suit has been brought against him, charging that he misappropriated a fine of \$100 paid into his court.

Harrodsburg had a big fire Monday. The property burned was the old "Morgan Row," formerly a part of the Harrodsburg Springs accommodations. The houses and furniture of Mrs. George West, Judge Poston, Thomas Ingram, Miss Naomi Wells and a blind woman were burned.

County Judge Bullock, of Fayette county, performed a double wedding ceremony in Lexington last week—William Bunnegar and Mary Brock and James Brock and Sallie Ann Bunnegar being the contracting parties. The first groom and second bride and the first bride and second groom being brother and sister.

On Saturday Hon. W. J. Stone, of Lyon county, present Congressman from the First District, was defeated for the Democratic nomination for re-election by Hon. John K. Hendrick, of Livingston county. On the same day Hon. A. B. Montgomery was nominated for re-election in the Fourth District over Hon. David R. Murray, of Breckinridge county.

Thos. S. Baxter, a negro who had the contract for carrying the mails from the Post-office in Shelbyville to the L. & N. depot in that place, was arrested Monday upon the charge of robbing the stamp money drawer in the office of small sums of money. He had heretofore borne a good character and was prominent in colored secret societies and a leader among the colored people of that section.

Grasp the Opportunity.

Our enterprising druggist, P. H. CARPENTER, cordially invites you to try a 25c. bottle of Dr. Hale's Household Cough Cure. This new remedy acts quickly on the bronchial tubes, throat and lungs, lessens the desire to cough and heals mucous membrane. If consumption it will cure you. Pleasant to take. The children like it.

Fixtures Sold.

The Frankfort Safety Vault and Trust Company have sold the vault, safe and other fixtures of the late Frankfort National Bank to a new bank at Corydon, in Grant county, and the same will be removed to that place.

Cure for Headache.

As a remedy for all forms of Headache, Electric Bitters has proved to be the very best. It effects a permanent cure and the most dreaded habitual sick headaches yield to its influence. We urge all who are afflicted to procure a bottle, and give this remedy a fair trial. In cases of habitual constipation Electric Bitters cures by giving the needed tone to the bowels, and few cases long resist the use of this medicine. Try it once. Large bottles only 50 cents at P. H. CARPENTER'S drug store.

A Bee In Its Ear.

Mr. M. H. Cromwell was riding a young horse along the Versailles pike, near Jetts Station, one day last week in company with Mr. Wash Crutcher, when a bumble-bee flew into Mr. Cromwell's horse's ear, causing it to paw and jump around until Mr. Cromwell was thrown off, alighting on his back in the road. When freed from his burden the horse ran to the one ridden by Mr. Crutcher when that gentleman knocked the bee out of its ear and the maddened insect immediately attacked him. A lively fight followed and not until Mr. Crutcher had struck the bee several times with his hat could it be killed. Mr. Cromwell was laid up for a week with his bruises but is now out again.

Nervous Prostration.

A large manufacturer, whose affairs were very much embarrassed, and who was overworked and broken down with nervous exhaustion, went to a celebrated specialist. He was told that the only thing needed was to be relieved of care and worry, and have a change of thought. This doctor was more considerate of his patient's health than of his financial circumstances. He ought to have advised him to use Dr. Miles' Restorative Nervine, the best remedy for nervous prostration, sleeplessness, dizziness, headache, ill effects of epinephrine, tobacco, coffee, opium, &c. Thousands testify to cures. Books and trial bottles free at J. W. Gayle's.

OR any other PEST can be kept out of your house with our SCREENS. Hardware, like everything else, wears out, and grows old. The question is—where can the best be obtained? WE are not here to preach a we sell the best sermon, because others may sell as good. But, do they? That is the kernel of the coconut. Then again the all-important price question claims wise attention. The leak that sinks a mighty ship is often small. Perhaps there are leaks in your purse. To the Voters of Franklin County.

FRANKFORT, Ky., Aug. 1894. Yielding to the flattering and earnest solicitation of partial friends and representative citizens of all political faiths, I have, contrary to my purpose to never again stand for office, determined to make the race for County Judge at the November election, 1894. This is the most important office in the county government. In the hands of the County Judge are placed the liberties of the citizens in criminal trials before examining court, as also the moneyed interests of a large class of debtors and creditors, litigating matters of account in the quarterly court, besides the settlement and oversight of the estates of widows and orphans.

The taxing interests of the citizens is in the hands of the County Judge and the Magistrates. So it will be seen that your

ONE ENJOYS

Both the method and results when Syrup of Figs is taken; it is pleasant and refreshing to the taste, and acts gently yet promptly on the Kidneys, Liver and Bowels, cleanses the system effectually, dispels colds, headaches and fevers and cures habitual constipation. Syrup of Figs is the only remedy of its kind ever produced, pleasing to the taste and acceptable to the stomach, prompt in its action and truly beneficial in its effects, prepared only from the most healthy and agreeable substances, its many excellent qualities commend it to all and have made it for sale in 50c and \$1 bottles by all leading druggists. Any reliable druggist who may not have it on hand will procure it promptly for any one who wishes to try it. Do not accept any substitute.

CALIFORNIA FIG SYRUP CO. SAN FRANCISCO, CAL. LOUISVILLE, KY. NEW YORK, N.Y.

County Judge wields a large influence in county affairs. No more taxes should be laid than are absolutely necessary to meet the bonded indebtedness at its maturity and the annual accruing interest thereon, together with the necessary amount to conduct the county government upon economic, honest business principles. A part of the bonded debt should be met by the next generation, as they are to be equally benefited by it.

It is local taxation and the distribution of the funds derived therefrom that comes home directly to the county and city taxpayer, for it must be met and is felt in proportion to the ability to meet it. Therefore, it is the right of the citizen to demand of his county court the lowest per cent. of tax each year consistent with an economic, honest and impartial government, and to have this tax promptly collected, and honestly and fairly applied to the good of the entire county.

The good people of my native city and county have honored me time and again by electing me to different and important offices. My election for four successive terms to the office which I am soon to voluntarily surrender, while evidencing the partiality and most generous favor of my personal as well as political following, is an earnest of my faithful, impartial and successful discharge of duty in the past, and must be my guarantee for the future.

I have in no sense sought this office, and if I am elected to it I must be elected by the uncorrupted vote of the people, as I will not bring to bear any corrupting influences to obtain it. At the proper time I will visit the precincts of the county.

Respectfully,
W. H. SNEED.

M. A. SELBERT,

It's a Waste of Time

To run about town in search of better bargains in Jewelry than we can

give you. And when you waste time you waste money, to say nothing of the shoe leather you wear out.

No other dealer in town has such a large and varied assortment of Jewelry as we can show. No other dealer can or will sell jewelry as low as we can and will sell it. We want you to remember this when you desire anything in our line. We have some novelties in the way of LADIES' WATCHES. Very cheap, too. You should see them.

JEWELER.

Judge Bennett Dead.

Chief Justice Caswell Bennett, of the Court of Appeals, who has been spending the summer with his wife and daughter at Cerulean Springs, Trigg county, was stricken with paralysis on Saturday and on Sunday suffered a second stroke. On Wednesday he had revived sufficiently to be removed to the home of his wife's cousin in Hopkinsville, where he died Thursday morning, the trip doubtless hastening his end.

The deceased was 58 years of age, was twice married and leaves a widow and three children to mourn his death. His term as Judge of the Court of Appeals would have expired in January, but he had been nominated for a second term. The remains arrived here yesterday morning and will be buried in the State lot in the cemetery, the funeral taking place at 10 o'clock this morning.

A General Mix Up.

About 12 o'clock Thursday night four of the electric cars came in from the park and were collected at the intersection of Main and Ann streets when one of the trolleys got caught in a guy wire pulling it loose from the trolley line, and in a few minutes there was a general mix up of electric, trolley and guy wires which made things look exceedingly squally for a time, and it became necessary to telephone to the power house and have the electric current shut off before things could be straightened out again. The cars were a little late in getting started yesterday morning in consequence of the trouble, but Mr. Weaver, the electrician soon had the damage repaired.

A Runaway.

The delivery wagon of Messrs. Howard & McCoy was being driven across the St. Clair street bridge yesterday morning and when about half way over the horse took fright and ran away. He ran in towards the sidewalk in front of the drug store of Messrs. LeCompte & Gayle, on Bridge street, and one of the shafts struck an iron awning post. The wagon was upset and the driver thrown out but not injured, and the only damage done was to the harness, which was considerably torn up. Quite an excitement was created in that part of town by the runaway.

Two More Cases.

Two other children of Mr. John Buttner, on High View, now have diphtheria, but as they had prompt medical attention it is hoped they will be relieved.

More Changes at the F. M. I.

Dr. N. J. Sawyer having resigned as member of the board of commissioners the Governor has appointed Judge Thos. H. Hines to fill the vacancy. On Wednesday the board of commissioners removed Capt. Henry Wilson, who has been the engineer at the institution for the past eight or ten years. His place will be filled with a man from the "Penerile district," we understand.

K. of P. Plenie.

The members of Dexter Lodge, Knights of Pythias, will give a picnic at Thorn Hill Park Thursday next, the 16th inst. A pleasant day is promised those who attend, as the committees are making every arrangement to render it so. The amusements will consist of dancing, base ball and other games, and a first class dinner will be served.

Discarded Glasses.

Judge Lysander Hord, one of the oldest and most highly respected members of the local bar, has gained his second sight and now reads newspapers and other fine print without the aid of glasses. Judge Hord is enjoying remarkable good health for one of his age—75 years—and his many friends trust he may yet celebrate the centennial of his birth.

Kenneth Bazemore had the good fortune to receive a small bottle of Cholera, Cholera and Diarrhoea Remedy where three members of his family were sick with dysentery. This one small bottle cured them all and he had some left which he gave to Geo. W. Baker, a prominent merchant of the place, Lewiston, N. C., and it cured him of the same complaint. When troubled with dysentery, diarrhoea, cholera or cholera morbus, give this remedy a trial and you will be more than pleased with the result. The praise that naturally follows its introduction and use has made it very popular. 25 and 50 cent bottles for sale by PHIL. CARPENTER, South Side Druggist.

Duckers.

Weather very cool at night, but hot and dry in the day time.

Campaign talk is hot and constantly growing hotter.

Miss Katie Beckett is visiting friends in Franklin county.

Eleven thousand anxious voters tender the Hon. W. C. Owens their sympathy in his illness, as they will give him their support next September.

Our young ladies and gentlemen have surrendered the field of courtship to the kids. From eight to twelve years constitutes a belle or a beau, and the little tots seem to be really in earnest. Better go home and let mama put your check aprons on for a little while longer, little friends.

Hon. E. E. Settle spoke at Millville on the evening of the fourth to an audience of 200 men, women and children. There were perhaps ten or a dozen Settle men in the crowd.

We were disappointed in Mr. Settle. We looked for something brilliant. We detected nothing of the orator and much of the demagogue.

We have had an unusually healthy summer. With the exception of slight complaints among children, we have had scarcely any sickness.

Breckinridge is begging and Settle dodging, the march of Hon. W. C. Owens is unimpeded. On the fifteenth we will wipe the bread and butter brigade from off the face of the earth.

Crops look exceedingly well considering the fact that we have had so much dry weather. With good rains now, corn and tobacco would be about up to the average. Garden vegetables are doing no good. Hemp needs rain, but looks well. Fall ploughing has commenced and it seems that a large acreage of wheat will be sown regardless of small prices.

The "Democrat" talks of Owens and Settle men gorging themselves on Breckinridge soup at Forks of Elkhorn and then making fun of the food. Come boys, own up. That soup was no better than dish water, and the sheep were raw. You couldn't eat it yourselves, surely you should not get nettled because decent people refused to do so. His soup, like everything connected with Breckinridge, was a little tainted.

Settle pours oil on Breckinridge and throws mud at Owens. His Millville friends won't forget it, for Owens and Settle men, alike, up this way abhor Breckinridge. Mr. Settle boasted that he was out of the way his friends in Owen, Henry and Oldham would go to Breckinridge. We don't believe it. His friends here are all going to Owens regardless of his being in the way. Come back and make a few more friends for Owens. We are thankful for small favors, but would be glad to have you come again.

BULLDOFUS.

Heart Disease Curable.

The truth of this statement may be doubted by many, but when Dr. Franklin Miles, the eminent Indiana specialist, claims that heart disease is curable and proves it by thousands of testimonials of wonderful cures by his new heart cure, it attracts the attention of the millions suffering with short breath, palpitation, irregular pulse, wind in stomach, pain in side or shoulder, smothering spells, fainting, dropsy, &c. A. F. Davis, Silver Creek, Nebraska, by using four bottles of Dr. Miles' New Heart Cure, was completely cured after twelve years suffering from heart disease. This wonderful remedy is sold by W. G. Wylie. Books free. 5

THE NEW F. F. V. LIMITED.

Important Change in Schedule of the C. & O.'s Pet Train.

Commencing Sunday, May 13th, the F. F. V. Limited will leave Cincinnati daily at 12.20 noon, arriving at Washington at 7.40 a. m., Baltimore 9.00 a. m., Philadelphia 11.20 a. m. and New York 1.40 p. m. The train will consist of Composite Car, Elegant Day Coach, with Smoking Compartment, Dining Car, Pullman Sleeping Cars of the latest and most improved design, and an Observation Car. Emphasis is especially placed on the Observation Car. Built by the Pullman Company from Chesapeake and Ohio plans, the F. F. V. Observation Cars serve their purpose better than any others that have ever been constructed.

As the F. F. V. Limited is the only train having an Observation Car attached, it necessarily follows that the Chesapeake and Ohio R. alone has scenery interesting enough to demand an Observation Car. The F. F. V. Limited is the only train running through from Cincinnati to New York that enables the business men to transact business in Cincinnati one day and New York the next. It is the only train for Jersey City Coast resorts, which are reached by the F. F. V. at dinner time instead of in the evening. It is the only train that enables business men to transact business in Cincinnati one day and reach Washington for breakfast the next morning. It is the most desirable train for New England resorts, connections being made in the Union Depot in Washington with the Colonial Express running through to Boston which reaches New Haven 4.10 p. m., New London 5.30 p. m., Providence 7.15 p. m. and Boston 8.30 p. m. The F. F. V. is the only modern train lighted throughout with Electricity, carrying a Dining Car and an Observation Car.

The Washington and Atlantic Express, also an Electric Lighted Vestibuled train, will leave Cincinnati at 7.00 p. m., reaching Washington 2.40 p. m. and Old Point Comfort 6.00 p. m. Connection is made at Washington with the Boston Express or the Limited, reaching New York about 9.00 p. m. At Norfolk connection is made with the Old Dominion Steamship Line, reaching New York 3.00 p. m. the next day.

FRANKFORT ROUNDABOUT

Entered at the post-office at Frankfort, Kentucky, as second-class matter.

GEO. A. LEWIS, Editor and Pub.

FRANKFORT, AUGUST 11, 1894.

Reorganized.

The terms of two of the members of the board of directors of the Masonic Temple Company having expired, a meeting of the stockholders was held Wednesday morning at which their successors were elected and the board reorganized, as follows: A. W. Overton, President; B. T. Farmer, Secretary; Wm. Cromwell, M. P. Gray, U. Keenon, Geo. A. Lewis and Jacob Swigert. The board have been unfortunate heretofore, owing to the dull times and the stringency in the money market, in not being able to place the bonds of the company, but the matter will now be vigorously pushed and it is hoped the temple will be completed before the snow flies.

An Ex-Kentuckian.

Now that China and Japan have gone to war on account of proposed reforms in the little kingdom of Corea, it may be of interest to know that the adviser of the king of the latter country is Clarence Greathouse, a lawyer, formerly of Versailles, and later of Louisville, who was appointed Consul General to Japan by President Cleveland in 1885, and when removed by President Harrison, went to Corea where he was appointed He Pang of Seoul by the king.

A Large Crowd.

The announcement that Hon. W. C. Owens would speak on Monday drew a large crowd to town in addition to the regular court day assemblage. Some stock was disposed of on the street at low prices, but the majority of those here were too much interested in politics to care for business and the sales closed early. Mr. Owens' throat was too sore to permit him to talk but the boys had a good time just the same talking up their favorites.

A Handsome Building.

The brick work on the double tenement house of Dr. O. H. Reynolds, on Main street, South Side, is about completed and shows that the building will be a handsome improvement. The mansard portion is to be covered with dimension shingles painted in imitation of slate. Mr. J. M. VanDerveer has already rented one side of the house and the Doctor has several applications for the other.

Wants Him Looked After.

Col. Dave Moore, of Benson, was in town Monday and said he did not know that his friend Joe Fears was crazy, but when he saw his estimate of the probable vote between the candidates for the Democratic nomination for Congress in the last ROUNDABOUT he was satisfied that there was something wrong with him and that he should be looked after at once.

Ducked by the Derrick.

Two of the workmen engaged in removing the old bridge pier from the north bank of the river undertook to ride on the box filled with earth, which was being raised by the derrick and swung around to the bank, Wednesday afternoon, and just as the box was suspended over the pool of water between the pier and the abutment of the bridge the foot of the mast of the derrick kicked out and dropped the box, with its load, into the water. Both men went in up to their waists, but were not injured by their fall.

Fell From a Window.

Miss Mary Boston, an employe at the residence of Gen. D. W. Lindsey, on Second street, sat down in the window of her room, which is in the second story of the house, Monday night, to enjoy a cool breeze. In a short time she dropped off to sleep and fell out of the window to the ground below, a distance of some twelve or fifteen feet. She was badly bruised but escaped serious injury.

Progressing Rapidly.

The contractors have about completed the foundation of Mr. William Cromwell's new residence on South Shelby street, and next week will raise the frame. The house sits well back from the street and will have a large shady yard in front.

Brace the Nerves.

Sedatives and opiates won't do it. These narcotics do not make the nerves strong, and failing to do this fall short of producing the essential of their quiescent-vigor. And while in extreme cases—and those only—of nervous irritation such drugs may be available, their frequent use is highly prejudicial to the delicate organism upon which they act, and in order to renew their quieting effect increased and dangerous doses eventually become necessary. How often stomach irritations are an efficient substitute for such nervous drugs. It quiets the nerves by bracing, toning, strengthening them. The connection between the nervous system and that of the organs of digestion is a sensitive and sympathetic link. The Bitters, by imparting a healthy impulse to the digestive and assimilating functions, promotes throughout the whole system a vigor in which the nerves come in for a large share. Use the Bitters in malaria, constipation, bilious and other troubles.

Monthly Crop Report.

A very large per cent. of the wheat crop of the State has been threshed—fully enough to show that a good crop has been raised—while the yield per acre is not so good in some parts of the State, principally those counties that suffered most from snow, all the correspondents say the berry is of a very superior quality. I heard a miller say, "that this year's crop of wheat was really worth five cents more per bushel than last year's crop, on account of the superior quality of the grain." Some of the best wheat raising counties in the State suffered very greatly from the snow, and their yields will not be very large, but the average yield of the State will be nearly up to an average. The price continues very low; in fact, the market reports last week show that the price was lower than that of corn. Many farmers are using their crops as they did last year, feeding it to hogs; in fact, some farmers did not harvest their crop at all, but turned their hogs in the field. A gentleman in Mercer county said to me: That he was satisfied that he had saved the cost of harvesting his crop by turning in his hogs, and letting them eat it up. Very little plowing has been done for wheat as yet, and, from the present prices, the farmer has poor encouragement to sow a

large crop. Our best wheat raisers think that all wheat ground, both sod and stubble, should be plowed as early as practicable, in order that it may settle and become firm before sowing. I have obtained reports from a number of correspondents as to the yield per acre, some few not being able to give an estimate. From those reporting I place the estimate at 16¾ bushels per acre.

CORN.

One month ago I reported a prospect for the largest crop of corn ever raised in the State, and I might say, from all reports from other States, the largest in the United States, but a month can make a very great difference in a corn crop. The rains have not been general by any means, and in many places where it has rained there has not been enough to do any good. Reports from a great many counties say "no rain of any consequence since the snow." I read very carefully the reports and find it a very difficult matter to tell which part of the State has suffered most for the want of rain. I rather believe that the Western and Southern portions have reported more rain than the Middle and Eastern parts, but the drought seems to be very widespread, not confined to our State alone, but to most of the corn-growing States. The average condition of the crop is placed at 82 per cent.

TOBACCO.

All correspondents agree that the early planting of tobacco is doing fairly well, making good growth and prospects of a fair crop, but that the late setting is doing little or no good on account of the dry hot weather. In many places it is firing very badly. The present condition does not indicate a very large crop. The average acreage is placed at 79 per cent. The average condition is placed at 75 per cent.

PASTURES.

From the reports of correspondents all kinds of pastures are unusually short for this time of year. It is not an uncommon thing to commence feeding out stock in September, but not often the case in August. Stock water is reported very scarce in some counties. The condition as reported is 67 per cent.

HAY.

The timothy hay crop is very short, but was put in the stack in fine condition. The per cent., as reported, is placed at 68.

OATS.

The average yield per acre is 25 1-5 bushels.

STOCK.

Reports good as to stock of all kinds from all parts of the State. No disease of any kind has been reported.

FRUIT.

Remarks as to fruit—generally a failure—some few late apples in some sections. About seventy-five per cent. of a crop of grapes.

GARDENS.

In many places gardens are seriously injured. Early potatoes will make a fair crop.

FRANKFORT, AUGUST 11, 1894.

An Old Document.

NOVEMBER 22, 1894.

Judge L. Hord has shown us an extra of the old "Frankfort Commonwealth," a newspaper established and published by Col. Orlando Brown, sr., and Col. A. G. Hodges and found among the old papers in the family of the late Col. Orlando Brown, jr., containing the proceedings of a meeting of the friends of Henry Clay, held in this city in November, 1844, just after Mr. Clay was defeated for the Presidency by James K. Polk.

The object of the meeting was the erection on one of the beautiful hills surrounding Frankfort of a marble column in honor of the great statesman, Henry Clay. This meeting organized an association called "The Clay Testimonial Society of Kentucky." The following officers were unanimously elected:

R. P. Letcher, President.
James Davidson, Vice President.

Edmund H. Taylor, Treasurer.
Thos. B. Stevenson, Secretary.
James Harlan, Corresponding Secretary.

Henry Wingate, Clerk.
M. R. Stealy, Architect.

The following twenty-six gentlemen were elected members of the Executive Committee: John J. Crittendon, Orlando Brown, M. R. Stealy, A. G. Hodges, Robert W. Scott, Franklin Dillon, A. P. Cox, O. G. Gates, Lewis Sneed, Peter Dudley, John Harvie, sr., A. S. Parker, W. D. Reed, Chas. S. Morehead, L. Brodhead, Philip Swigert, John A. Holton, W. W. Bacon, Lysander Hord, Thos. S. Theobald, A. W. Dudley, John C. Herndon, John Morris, James Milam, Thomas S. Page and John C. Bates.

A committee was also appointed who issued an address to the Whigs of Kentucky, composed of the following gentlemen: Orlando Brown, James Harlan, J. J. Crittenden, R. P. Letcher, Thos. B. Stevenson, B. B. Sayre, L. Brodhead, Ben Monroe, Chas. S. Morehead and G. W. Craddock. Of the thirty-five gentlemen above named only two are now living, Judges Lysander Hord and Geo. W. Craddock.

It is much to be regretted, that from some cause the column testimonial to the great man was never erected.

Deaths.

GLORE—Mrs. Sallie Gore, wife of Mr. John T. Gore, died Sunday afternoon at 3:45 after an illness of only a few days. The deceased was a daughter of the late Edmund V. Stephens and leaves an infant only a few days old to the care of her grown daughter. The misfortune to the family is peculiarly sad from the fact that her husband was so unfortunate several years ago as to lose both hands by the explosion of a blast, and she had since that time looked after and cared for him as tenderly as if he were an infant, and he will miss her more and more every day.

The funeral took place Monday afternoon at 4 o'clock and the remains were deposited in the family lot in the cemetery.

SLUSHER—Mrs. Frank Slusher died Tuesday at the home of her husband in the Flat Creek neighborhood, of malarial fever. Her funeral took place Wednesday.

WARREN—Mr. Lee C. Warren died at his home in New Berlin, Illinois, on Saturday, and the remains were brought here Tuesday for interment. The deceased was a brother of the late Ches. Warren, of this county, and was for many years a resident of the Forks of Elkhorn.

WELCH—Mr. James W. Welch died at 2 o'clock Wednesday morning at his home on Main street, after a brief illness. Sunday a week ago he was taken with cholera morbus, but on Wednesday of last week was able to be out again. Thursday night he was again taken ill and on Friday became unconscious, in which state he remained until his death, the disease being pronounced paralysis of the brain by his physician. The deceased was about 55 years of age and was born in Ireland but raised in this city, where he had numerous

friends and relatives. He leaves a widow, but no children, to mourn his loss. His funeral took place Thursday afternoon from the Church of the Good Shepherd.

For many years Mr. Welch was a member of the Frankfort Cornet Band, and that organization attended the funeral in a body and performed the funeral march at the head of the procession as it moved through the streets.

HOLMES—Mr. William Holmes, of this city, died at the Soldier's Home at Dayton, Ohio, on Thursday, aged 59 years. He was a tailor by trade and had been a resident of this city for some fifteen years. During the war he was a soldier in the Third Kentucky Infantry. His health failing he went to the Soldier's Home about eight months ago where he spent the remainder of his life. He leaves a widow and five children, all grown. The remains were taken to his old home at Danville for interment.

"I know an old soldier, who had chronic diarrhoea of long standing to have been permanently cured by taking Chamberlain's Colic, Cholera and Diarrhoea Remedy," says Edward Shumplik, a prominent druggist of Minneapolis, Minn. "I have sold the remedy in this city for over seven years and consider it superior to any other medicine now on the market for bowel complaints." 25 and 50 cent bottles of this remedy for sale by PHIL. Deafness Can't Be Cured.

By local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When the tube gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed deafness is the result and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surface.

We will give One Hundred Dollars for any case of deafness (caused by catarrh) that we cannot cure by taking Hall's Catarrh Cure. Send for circulars, free.

On to Washington.

Three years ago, the only authentic map of the Virginia battlefields was prepared in the War Department for the Chesapeake & Ohio Railway Co. It can with safety be asserted that it is the most interesting map published; and so great was the demand for the first edition that 100,000 were soon absorbed, but it has been re-issued for the occasion of the K. of P. Encampment at Washington in August, and will be mailed free after June 1st, upon application to C. B. Ryan, Assistant General Passenger Agent, C. & O. Ry., Cincinnati, O. In connection with the map is also a description of the grand and varied scenery of the Virginias, and the delightful Mountain and Sea Shore Resorts along the C. & O., as well as a sketch of the battlefields.
